Governor Removes Three Top Guard Officers

Many Enjoyed Elementary School Dedication Program Last Sunday

The sun smiled on the Dedication Program and Open House at the new Elementary School Sunday and approximately three hundred people attended and made a tour of the classrooms and other facilities.

Assisting Principal Arthur Thayer in passing out the printed programs were Mary Kay Hunter and Sherrill Thayer.

Superintendent Joseph Hoff introduced the guests and others on the program, which began with the invocation by the Rev. Charles Allen, pastor of the Free Methodist Church.

The Grayling High School Glee Club under the direction of Mrs. Roy Milnes presented a number which was followed by a "Welcome" address by Dr. E. E. Honig, immediate past president of the Board of Education. Miss Judy Smith played the piano accompaniment for the Glee Club.

Mr. Richard Wiggins, Architect, of Daverman Associates, the designing engineers, spoke and presented the bronze building plaque to Mr. William Joseph, President of the Board of Education, who made the acceptance speech.

The dedication speaker, Dr. Woodward C. Smith, Vice-President of Central Michigan University, Mt. Pleasant, was introduced by Mrs. Robert Strong, board secretary.

Dr. Smith commented upon the willingness of the taxpayers to provide such a fine facility for the students and mentioned that never have they turned down a millage vote for school purposes. He pointed out the importance of an education in the age of automation and changing processes and the lack of work for school drop outs. He also noted how many Grayling teachers had gone and were going back for more study to improve themselves even though it isn't required of them. He stressed that a college degree isn't always the answer. There are many technicians needed in many fields not academic and the most important goal is doing the very best one can in whatever vocation is chosen.

"The Lord's Prayer" was presented by the Glee Club. President Joseph called upon Little Miss Cindy Carlson, who presented Superintendent Stripe with a gift as a token of appreciation for his efforts on behalf of the building and remodeling program.

In the absence of a representative of the 40 to 8, the flag which they have furnished for the new school was given to Mr. Thayer by Mr. Stripe.

Listed on the program were members of the Citizen's Study Committee who assisted with the original planning and site study before the building program became a reality; namely, John Aker, James Baker, Stanley Berry, James Brown, Mrs. J. F. Cook, Mrs. Richard DuBois, Ward Ellison, Barney Engel, Mrs. Robert Funk, Mrs. Bud Galt, Claude Halstead, Mrs. B. E. Henig, Dr. Ralph Hoffman, Mrs. Leslie Hunter, Don James, Don Kangas, Leonard Knibbs, Mrs. Lewis Konvicka, Wesley LaGrow, Melvin Lusksted, Mrs. Frank Kersch, Arnold Mauren, Mrs. Ted McVey, the Rev. R. C. Puffer, Mrs. Robert C. Schultze, Mrs. Robert Sorenson, Dr. Leonard Allison and Robert Tapley. Mr. Stripe expressed his thanks to them for their help with the program.

The Rev. Donald Beyer, pastor of Mt. Hope Lutheran Church, gave the benediction which completed the program.

Others present for the event were Trustees LeRoy Milliken, Mrs. Matilda Bishop and Robert Smock and former Trustee Jerome Kessler and Robert Derocher of Bay City representing the building contractor, General Construction Company.

Following the program many made a tour of the building. Each teacher was present in her room. Refreshments were served by members of the Parent Teachers Association, Mr. and Mrs. Dewain Hall and Mr. and Mrs. Rex McMillen.

General McDonald Answers Charges Against Them

Grayling and the area expressed disbelief last Thursday afternoon when radio and television bulletins announced the removal of State Auditor General, Major General Ronald D. McDonald; Quartermaster General, Brig General Carson R. Niefort and his executive officer, Lt. Col. Versel Case Jr. by Governor George Romney for alleged violations of State statutes and auditing procedures.

Romney ordered retirement of Maj. Gen. Ronald D. McDonald, the adjutant general. He removed from active duty Brig. Gen. Carson R. Niefort, quartermaster general, and Lt. Col. Versel Case Jr., the quartermaster's executive officer.

Acting on a report of 11 state law violations and 32 errors in auditing by the guard, Romney called for a reorganization of the military establishment.

State Auditor Gen. Billie Farnum reported the irregularities to Romney after an investigation.

"It does not appear at this time that the three officers relieved of duty are guilty of criminal actions," Romney said.

Deputy Atty. Gen. Leon Cohan said the attorney general's office "has concluded there is no basis for criminal action."

General McDonald after a conference with the other two dismissed officers issued the following statement:

"I have read the findings of the Auditor General and the recommendations of the State Military Board as delivered to Governor Romney.

"I firmly assert the allegations growing out of these proceedings are misleading in the extreme. In all cases the actions of General Neifert, Lt. Col. Case and myself have been to serve the best interests of the State of Michigan.

I can only assume that Governor Romney has been grossly misinformed and poorly advised. We were summarily ordered to appear at the Governor's office and relieved from duty without opportunity to present the other side of the matter.

Only after this action of the Governor, was I handed a copy of the Auditor General's final report. I have had time to see the specific charges and am now in a position to reply.

First, irregularities are alleged in regard to land acquisition for Camp Grayling. The facts are that the State of Michigan received 14 acres for every one exchanged. The land acquired was vitally needed by the Guard for training purposes. This is now being used for mortar ranges, tank ranges and other training areas. The lots on the land exchanged were of no military value and much of it is swamp land. All of this land exchange was approved by the Military Board and is so recorded in the minutes of the board. Before the land exchanges took place, an appraisal was made by the Lands Division of the Dept. of Conservation. The "average purchase price" of the lots agrees with this appraisal and no one "made a killing" except the State of Michigan.

Second, we are charged with permitting the sale of liquor in National Guard Armories. Local Army Commanders are directly responsible to, and only to, Major General Cecil L. Simmons, who is the President of the Military Board, which has now recommended our dismissal. As administrative head of the Guard, I have repeatedly recommended that this practice be stopped, or that the statutes be changed.

A third allegation had to do with paying Guardsmen on full time administrative duty at a different rate from that called for by their military rank. This practice has had legislative direction and Military Board approval since 1939. It is unrealistic to pay a man with a National Guard rank of Lt. Col., the pay of his rank for doing the administrative duties of a clerk. This practice has resulted in a great saving of money to the State of Michigan.

The last general charge is in regard to construction at Camp Grayling. This construction was based on a master plan approved by the Military Board which directed the Quartermaster General to accomplish any portion of the plan for which funds became available. The construction was accomplished by military personnel, State Civil Service personnel, and service contract labor. It amounted to reconditioning old buildings, erecting prefabs removed from Nike missile sites and erection of quonset huts needed by troops. It was not considered capital construction which requires bids and was accomplished at substantial savings to the state.

As Adjutant General, I will accept full responsibility for those matters over which I had control. But I know that a terrible miscarriage of justice has occurred. Instigated by malice and self-seeking... furthered by political interest... and consummated by misinformation. Lt. Col. Case is guilty of following orders and procedures of long standing. General Neifert and I are guilty only of serving the interest of the State of Michigan under the direction and approval of the Military Board, which now refutes its actions. If anyone's character should be held up to public shame, it should be those responsible.

We are not clear as to what future action we can or should take, but you can be sure that as honorable men, we will clear our names."

Trout, Unlimited, and its president the last three years, is the first sportsman to receive the organization's trout conservation award.

It was given to Griffith at Trout, Unlimited's annual convention here and was one of two such awards made.

Griffith was cited for organizing the national organization, which is devoted to the conservation of trout, and for his work when a member of the Michigan Conservation Commission. He headed the Commission's fisheries committee.

The trout conservation award, the top honor TU bestows, was initiated last year and goes to persons who are deemed to have given "dedicated" work toward trout conservation and the perpetuation of wild trout fishing.

Griffith also was elected chairman of the TU board of directors. Named vice president was C. R. Evanson of Grand Rapids.

Stewart L. Udall, Secretary of the Interior, traced advances in conservation and said there appears to be a new unity in the country's conservation movement and a new awareness and reverence for the land. He served on the seminar and also spoke at the annual banquet.

Ralph A. MacMullan, director of the Michigan Conservation Department, was toastmaster at the banquet.

St. Paul's Episcopal church in Detroit was the scene of the marriage of Miss Marley Diane Kerns, daughter of Harley R. Kerns, Jr., and the late Mrs. Margaret Kerns of Highland Park, to Mr. Charles William Lodge, son of Mr. and Mrs. George Lodge of Frederic. The 4:30 ceremony was performed on September 5, 1964, by Canon L. Warren before an altar adorned with white gladioli.

The bride chose a floor length white silk organza sheath with a long train and detachable cathedral train. Roses and seed pearls held her bouffant veil and she carried white tea roses, a white orchid and ivy.

Attending the bride were Rebecca Lyon, maid of honor, Joanne Carley, Denise Selak, bridesmaids, and Janelle Selak, junior bridesmaid. They wore floor length gowns of deep delphinium blue taffeta covered with chiffon. Their flowers were white carnations intertwined

JUNIOR CLASS PLAY SELECTED

A three-act comedy, "The Curious Savage" by John Patrick, has been selected for presentation by the Grayling High School Junior Class this fall. The production is scheduled for Friday, Nov. 13th.

John Patrick, the playwright, has had a number of Broadway successes, including "A House for an August Moon." The original Broadway production of "The Curious Savage" starred Lillian Gish in the title role.

Playbooks arrived this past week and try-outs are now under way. The following Juniors turned out for the try-outs: Cathy Austin, Chris Carlson, Linda Christian, Anne Marie Church, Mark Day, Nancy Fenton, Albert Fox, Mike Gardiner, Veronica Hawkins, Kay Jansen, Lottie Jurkovich, Linda Knibbs, Loraine Lietz, Karen Lowrie, Carolyn Pelton, Darlene Portwood, Janet Rowland, Pam Smith, George Stancil, Janice Stewart, Rhea Stripe, Art Wakeley, Joe Wakeley and Jody Wyman.

The cast of the play contains eleven members, so the competition for parts is very close. Doubtless many will be disappointed when the cast is finally announced. However, Mr. Robert Bovee, the class sponsor, plans to use students not selected for the cast in the business and production staffs.

Mrs. Jean Compton, the High School home economics instructor, will serve as the director of make-up for the play. Mrs. Compton has a major in speech and has directed the make-up work of the high school plays for a number of years.

Setting for the production will be designed by the high school art classes, under the direction of their instructor, Garrett Bufe. Carl Minor, High School Forensic and Drama Coach will direct the play.

Grayling Supl. of Schools, Joseph Stripe, announces that the official student enrollment as of the fourth Friday after Labor Day stands at 973 students. Of this number 523 children are enrolled in the elementary school which is an increase of twenty-eight over last year.

Karl Stearns, Frederic Supl., tells us that Frederic's total enrollment is 294 students of which 127 are in the elementary grades and 77 in grades seven through twelve. This represents a decrease of twenty-one students.

Sister Mary Bernard, Mother Superior of St. Mary's School, gave their total enrollment as 135 students in grades one through eight which is a decrease of ten students.

The Feldhauser school has twenty-seven children in grades kindergarten through third grade according to board secretary Arthur Wakeley. When Opponents Agree . . .

It's something of a rarity when the National Association of Manufacturers and the AFL-CIO agree on anything.

But that happened in testimony presented to the House Ways and Means Committee during its conduct of hearings on federal excise taxes. These taxes were largely passed as World War II emergency measures, and they apply to a considerable list of articles in universal use — leather goods, cosmetics, mechanical pens and pencils, and so on.

The NAM urged repeal of the taxes. And the Director of Research of the AFL-CIO described the regressive nature of such taxes and pointed out that they hit the low and middle income groups hard.

Other witnesses of the highest competence presented similar views. One of them cited a study by Professor Hinrichs, a noted economist at the University of Maryland. The study observed among other things, that retail excise tax repeal would furnish a quick flow of additional spendable income into the economy and that the tax cut would be passed on to the consumer in the form of lower prices because of the strong competitive forces within the affected industries.

The injustice of any emergency tax which remains on the books many years after the end of the emergency is evident. On top of that, these particular taxes are a definite drag on the American economy and on the effort to reduce unemployment. It is now generally believed that Congress is willing to take corrective action. Let's hope so.

Walking On Eggs . . .

We live in a strange time indeed. Take, for instance, the economic situation in various of its complexities.

We have had an income tax reduction, designed to spur spending and investment. With it, we have had more creeping inflation along with an increase in the social security tax. These have largely offset the gains from the tax cut for millions of people.

Much of the economy is booming. Yet reports from Washington tell us that plans are now being laid to cope with a possible downturn. And in many quarters there is a very real fear that more inflation, and on a bigger scale, may be in the offing.

In other words, we are, so to speak, walking on eggs. A prime duty of the next Administration, Republican or Democratic, will be to put its house in order, to make a real effort to cut the cost of government and to protect what is left of the dollar's purchasing power.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

October 16, 1941

Last Saturday at the local field, Grayling took Boyne City into camp by that narrowest of margins, the point after touchdown, 13-12. Boyne scored first but after missing the extra point Grayling came roaring back to score what proved to be the winning margin in an exciting contest as will be seen in many seasons.

Janice A. Entaminger, daughter of Mrs. Charles Gierke of Grayling, became the bride of Mr. Worth L. Grant of Lansing on Saturday, Oct. 11th. The couple spoke their vows before Rev. W. W. McKay at the parsonage of the Presbyterian church in Lansing at four o'clock in the presence of immediate relatives. Attending the bride was Elsie Mae LaMotte, Mr. and Mrs. Don Kangas of Detroit and Mr. and Mrs. Elwin Mathewson of Roscommon were in attendance at the ceremony.

Mr. and Mrs. Mose Woods celebrated their golden wedding anniversary Sunday, Oct. 12th, however, the festivities were held Saturday evening. Their home was crowded to overflowing with their family and a group of old friends, who came to extend felicitations on this glad occasion. That evening over 50 sat down to a sumptuous dinner. Mrs. Woods was formerly Lydia LaFave and the couple were married at Carleton, Michigan, on October 12, 1891.

Riverdale at Twin Bridges was occupied over the weekend by Detroiters J. McCann, the Howard McCanns, Mr. and Mrs. Frank Collins, the Ken Kavanaugh family and Howard J. McCann (heretofore called "Moon" but not hereafter.) Taxpayers today have only one recourse: With congressional power abjectly surrendered to a spendthrift administration, taxpayers will have to organize to force through every possible constitutional limitation if they are to survive again the spenders elected to office. The income tax was to be an emergency measure designed only to help finance the first World War. The state sales tax was a measure just to tide the state over the depression and was to be abandoned as soon as the emergency passed. Of course, the income tax remained and now is being jumped to an all-time high. No one talks seriously of reducing the sales tax. — Ingham County News

The Lutheran Junior Aid society and the choir of the Lutheran church met at the home of Mrs. Albert Roberts Monday evening to say "au revoir" to Misses Emilie and Kirsten Stockholm, who will soon be leaving Grayling. Both were presented with books as tokens of remembrance and for pastime the evening was spent making scrapbooks for each of the guests of honor. Lunch was served from a buffet table covered with a lace cloth, the centerpiece of which was autumn flowers guarded by pink tapers.

"The New Yorker" magazine was quick to notice this one. It appeared in the Oct. 11 issue of that magazine: "A son was born

to Mr. and Mrs. Arthur Clark of Saginaw Thursday, August 28. Mr. and Mrs. Jack Clark are the proud parents of Grayling (Mich.) Crawford Avalanche. — "Congrats, everybody."

at 6:00 p. m. Several members from Grayling are planning on going. This is the only meeting in the year that wives can attend and a good chance to give our wives a very fine evening out. Mt. Pleasant has just finished remodeling their club room, and this is also a good chance to see it.

We are still quite a ways from reaching our quota of one hundred annual payers to qualify for a free lifetime membership. If we have one hundred yearly payers, Mooseheart will give us one lifetime membership free of charge, so let's all pull together and qualify for this fine award, who knows, it might be you who gets it.

Our Oct. 31st show is only a couple of weeks away, so there isn't much time to be getting prepared for it. There's still lots of work to be done.

The officers are well pleased with the membership drive going on right now. New members are signing up every day. We have a lodge to be proud of, and our membership list proves it. Anyone interested in joining can call the lodge or 348-2321 for further information on the Moose Fraternity.

The next district meeting will be at Ludington on Nov. 1st. Mid-winter conference is at Ludington on Nov. 6, 7, 8th.

Birthday night at the club will be Saturday, Oct. 24th. There will also be an enrollment in November.

M. Y. O. NEWS We had a successful meeting Oct. 7. It was well attended.

We are holding a Masquerade party Oct. 28 in the basement of the Moose hall. To enter the party you must dress up and pay us 10 cents if you are alone, or pay 15 cents if you have a date. It is open to all teenagers. You are all welcome to come.

The Women of the Moose met Oct. 5th with six officers and nine members present. They took in two members, Mrs. Charles Smith and Mrs. James Barclay. A lunch was served afterwards.

The next meeting will be Oct. 10th. A short business meeting will precede Christmas for Mooseheart children and Moosehaven residents. Lillian King, reporter

Don't delay any longer! Change now to natural Gas heat!

The odds are 95 out of 100 that a simple unit like this can change your present furnace to Gas.

It's a conversion unit. And in less than 4 hours it can be installed in your furnace so that your present furnace heats with Gas. There are very few exceptions where a unit like this can't be installed. Act now! Make this winter the most comfortable one of your life. And save money

while you're being comfortable. Gas cuts fuel bills up to one-third.

Remember. It takes less than 4 hours to install a conversion unit. Don't delay. Do it now. Call your heating contractor or Michigan Consolidated today.

A Praying Mantis pet, one of the most unusual pets I've ever seen is a Praying Mantis owned by Susan and Kenny McCann. It's so tame it drinks water from a spoon and eats all bugs except ants. It's one of the cleanest of the insect family, cleaning itself like a kitten.

It has had an egg mass that will produce upwards of a hundred Mantises. In flight they look like a Dragon Fly with two layers of lacy wings. Being a second cousin of the grasshopper family they also hop. The McCann Mantises has made several trips to Lovells from Kalamazoo all summer. It's truly a strange and delightful pet.

Mr. and Mrs. Vern Hoger of Saginaw spent the weekend visiting the William Poormans.

Mr. and Mrs. Byron Moreau from Saginaw spent Thursday with the William Poormans.

John is thinking about "what he wants to be." No, he doesn't want to be a jet pilot, nor a nuclear physicist, nor a lawyer, nor an actor, nor a doctor, nor yet a banker, baker, or chemist. John has decided. He wants to be a MINISTER.

I wondered if his father or his uncle or anyone else in the family is a minister? Strangely enough, no! He won't make a lot of money, and knowing John, he certainly won't particularly like the idea of getting up to "preach" to people. Definitely he won't have a big shiny car to make his calls. I wondered why John had decided to devote a lifetime to service in the Church.

I asked John for a frank answer and he told me many small accumulative experiences which boiled down to this: A strong Christian influence from family, friends, and church kindled a spirit of awareness and devotion which seems to be latent in every human heart. Of course, we can't all be like John. Few of us have received the stimulus to devote our entire life to the Church. But some of John's spirit does dwell in all of us. Too often we are unaware that we possess this miraculous gift from God. Rekindle your spirit by going to church this Sunday.

PONY TALES

By JANET W. OLSON

Most people think as ponies as a fine hobby for youngsters, but they are also a fine interest for adults. We find more and more older people enjoying and showing ponies, both as a hobby and a business. Even those who never cared much about horses find ponies an outlet that can be both profitable and fun.

Before too long our cold weather will be starting and those of you with ponies will find your work a little harder. A pony needs daily care even if it means climbing over a snow bank to reach your barn and some cold fingers from grooming when the temperature goes below zero. Exercise must be given your pony during the winter if you want him sound in the feet and legs when spring comes again. Few of us in this north country clip our ponies and they will grow a heavy winter coat and will be happier if they can be outside every day. If you plan to ride much during the winter months it is wise to have a shoe made for snow and ice put on your pony, as a ride on packed snow or ice with a pony who can't keep his feet where he wants them isn't much fun and can be a dangerous thing. We don't shoe our ponies as they are seldom out on pavement for any length of time. Most of those we know that do shoe their ponies or horses in the summer pull the shoes in the winter as snow will often pack up in a shoe and can be very uncomfortable and even do damage to the foot. Lice are sometimes troublesome during the winter months and they will be more abundant on a weak or unhealthy animal than on a healthy one. If you notice your ponies rubbing or biting at himself use a good spray or dust insecticide made for horses. This is a time consuming job as the hair must be parted into very small sections and the insecticide rubbed into each section.
